platypod

the worlds most compact tripod base

Platypods are flat mini tripods, perfect for low-angle, macro and time-lapse photography, tight spaces, uneven surfaces and lightweight travel, and goes where your tripod doesn't dare. Created by photographer Larry Tiefenbrunn—after a humbling canyon hike in Utah with a full-sized tripod—the versatile Platypod is sturdy enough for a DSLR camera, small enough to fit in a bag or pocket, and compatible with most standard tripod ball heads. www.platypodpro.com/

ROAD RUNNER
Photography Tours

roadrunnerphotographytours.com

Road Runner Photography Tours offers guided photography adventures for beginner to advanced level photographers who wish to spend time in the field learning rather than in a classroom. Our tours and Meetups are for photographers who are looking to experience new places, build friendships, find photo-companions, and develop technique.

www.roadrunnerphotographytours.com
