

Basic Portrait Lighting

Presented by Jim Brady of Greater Lynn Photographic Association

Come to this short (15 minute) session jam packed with information about different kinds of light and light modifiers for portrait photography. The session will be held in **Room CC-175** at **9am** and **1pm Saturday, July 14**, and **10am Sunday, July 15**. Learn how harsh light and soft light affect a portrait. Experience how reflectors and diffusers can change the quality of light. And see how to set up a basic three-light portrait scenario. The lessons learned can be used in indoor or outdoor portrait sessions using available light or studio strobes.-Space limited to 30 attendees.

Jim Brady is a lifelong image maker, former sports and editorial newspaper photographer, and long time camera club member. Jim shoots a variety of subjects including dance, motorsports, flowers, equestrian events, and portraits. Several of Jim's images have won awards in local, regional, national, and international competitions.
