Watch how you can take a good image and make it stellar using a variety of editing techniques ranging from a short five-minute Lightroom edit to a composite in Photoshop.

We will explore the art of making textures to add artistic flair in post-processing.

Guaranteed to ensure your creative juices flow long after your initial captures in the field as you upload and edit later at your computer. You will walk away expanding the universe of potential images and broadening your vision.

Pre-registration is required. Class sizes are limited; Register Early!
