About Hazel Meredith

Hazel Meredith, APSA, HonNEC (TN) is an award-winning photographer, teacher, speaker, workshop leader, and a highly respected competition judge. In 2007, she began teaching post-processing techniques through local adult education programs, and now teaches at camera clubs and conferences across the U.S. (both in-person as well as online), and through her own workshops. She offers her own webinars on various creative post-processing techniques, and has done webinars for Topaz Labs and Design Cuts. She released her first eBook, "Working with Textures & Overlays: Turn Ho-Hum into a Work of Art" in 2015, the sequel in April 2019 and is currently working on her third book.

Hazel loves the creative aspect of photography and post-processing, especially the use of textures, overlays and software to create unique images. She enjoys teaching and sharing her techniques to assist other photographers in realizing their own creative visions. In 2017 she and her husband, Dave, founded the "Creative Photography Conference". After three successful live events, they have begun holding Virtual Conferences with the first two in 2021 a resounding success.

Hazel is actively involved with the photographic community, and has held leadership roles and received honorary distinctions from several organizations. In the Fall of 2020 she was the recipient of the *Ashbrook Award for Digital Imaging Instruction* from the Photographic Society of America. She believes that camera clubs are a great way to share the passion of photography and keep learning and sharing new techniques.
