

iPhoneography – Hands-on

Conference Program

Smartphone/Mobile Device

By Charles Needle

Charles Needle Info >>< <https://necccphotoconference.org/charles-needle/>>

When	Saturday 10:00 am – 12:30 pm (double session)
Where < https://necccphotoconference.org/maps/ >	Thompson 102
Bring	Fully charged iPhone with the latest iOS software update, charging cable, and optional portable battery pack. See below for optional apps. Android phone note below.
Skill	All levels
Cost	Included in your registration

Learn how iPhone photography can make you a better photographer and how you can craft creative, expressive images using nothing more than your mobile device.

In the first half of this session, Charles will lecture on some of the technical aspects of iPhone photography, including native camera features, accessories, workflow, image storage and printing considerations.

Then in the second half, Charles will show you how to use several key creative shooting and editing apps in a “live” demonstration with his phone projected on a screen.

Note: This session is primarily geared toward iPhone users; however, you can certainly participate if you own an Android phone. (Just keep in mind, many of the apps Charles will discuss and demonstrate are only available for iOS devices. You can probably find an equivalent in the Google Play Store.)

If you want to download a few apps beforehand and follow along, feel free to do so. Some recommended apps include: SnapSeed by Google (free), Camera+ 2 by LateNightSoft S.L., Average Cam Pro by Dominik Seibold, Slow Shutter Cam by Cogitap Software and Artista Impresso by JixiPix, LLC.
