Best of NECCC Prints is not available at this time.

The Best of the NECCC Print Program was comprised of the annual Conference print Competition award winning prints, plus the Interclub Print Competition Prints of the Year. Both competitions are no longer being held, thus the supply of prints for the program has “dried up”. It’s possible that sometime in the future the Best of the NECCC Print Program might again become available, possibly in a different format... containing the award-winning prints from the fall and spring Individual Print Competitions. But... it’s far too early to make any determination as to whether this is possible.

There is no question that the Best of the NECCC Print program was a popular NECCC offering. Beginning with the first “live” presentation at the Windham Camera Club on June 7, 2005... and finishing at Charter Oak Photographic Society on April 10, 2023, the program was presented on 95 occasions at twenty-two different clubs. A total of 16,284 driving miles was logged in bringing it to the various clubs. With print activity remaining strong in a number of clubs, the demand for a Best of the NECCC Print Program probably exists. However... for the foreseeable future, the Best of the NECCC Print Program has been “retired”.

Art Vaughan, HonNEC
Print Competition Chairman
