SOCIAL MEDIA & INFORMATION PUBLICATION

NECCC wants to announce photography photo ops, programs, workshops, etc. from the New England Region on the **NECCC blog** <http://necccnews.blogspot.com>. There is so much going on in the New England region and we want to share it!

In addition to seminars, workshops, camera club programs, outside speakers, and photo ops, we would like to share first-hand information providing updates on seasonal shooting (sunflowers, spring flowers, fall foliage). Let's SHARE!

In this day of social media "we" (photographers) should be sharing upcoming photography opportunities with each other so everyone can know about them and choose to participate. The NECCC Blog and Facebook site are wonderful places to share what is going on photographically in the New England Region.

Please have your club representative and/or publicity person contact us with information about your club's events (programs, seminars, etc.) you are offering. If you have a firsthand update on a seasonal event we would like that too (How are the sunflowers at Buttonwood Farm? Are the daffodils at peak? How is the fall foliage?). **Email Lisa Cuchara at photographer67@comcast.net with "for the NECCC Blog" in the subject line** and we will let the entire New England area know about the photo op or your club's event! Let's rock the New England region with an abundance of shared information and opportunities!

Become a Guest Blogger or Submit a Technical Article

We are also looking for blog posts, guest bloggers, and writers of technical articles. If you would like to write about speakers you have seen, how to attract speakers, how to obtain good quality judges for competitions, topics for meetings, how to successfully run a club (best practices, do's and don'ts), how to make/improve/maintain a club website, etc., please email Lisa Cuchara at photographer67@comcast.net with **"for the NECCC Blog" in the subject line.**

Thank you!
