This report will be posted on the NECCC web site. All winning and HM images, if not already posted, will soon appear on the NECCC web site as well. Please share that information with your club members, particularly those who ask what types of photographs win. These galleries provide your members, particularly the newer members, with great examples of good photography from which they can learn.

Problems

There were two problems noted during the Winter entry/competition.

1. Two entries for the same person were entered from one club. One was disqualified.
2. One entry had exactly the same title as a previous entry for the same person. Looking at the two images showed that they were in fact different. The second entry title had a #2 appended to its title. Reps, please ask your members to use different titles for different entries to avoid this problem in the future. In fact, we further suggest somewhat longer titles to avoid duplication. Don't just use "Robin," but rather something like "Spring Robin with worm."

We make these checks in attempt to keep the playing field level for all clubs. We hate to disqualify

images for violations of the rules; it is one of the parts of our jobs as competition directors that we dislike most. Please be careful in the future so that we don't have to disqualify entries.

Next Competition (2017-2018)

Spring Competition: The third NECCC Electronic Photograph Interclub Competition of the 2017-2018 season will be held on Wednesday, April 4, 2018, hosted by The Assabet Valley Camera Club. The meeting will begin at 7:30 p.m. **The closing date for receipt of entries is Monday, March 19, 2018.**
