Please share that information with your club members, particularly those who ask what types of photographs win. These galleries provide your members, particularly the newer members, with great examples of good photography from which they can learn.

Problems

We had the usual problems of more than one image by the same maker in a single category (nature or pictorial) plus images that had been entered before. Please be careful in keeping your records. Having to disqualify images for these violations is the least favorite thing we have to do. It also increases the amount of work that we have to do to prepare the images for competition.

Next Competition (2021-2022)

Spring Competition: The third NECCC Projected Image Interclub Competition of the 2021-2022 season hosted by the Camera Club of Oxford Greens will be judged virtually. **The closing date for receipt of entries is Thursday, March 24, 2022.**
