Please share that information with your club members, particularly those who ask what types of photographs win. These galleries provide your members, particularly the newer members, with great examples of good photography from which they can learn.

**Spring Competition Specifics**

The director noted that the competition went well; there were no technical issues and the “electronics” all functioned as designed. Candlewood also thanked NECCC and co-directors Bill Barnett and Cindy Gosselin for the opportunity to host this event

**Problems**

Several clubs experienced system error messages that didn't make sense. In most or all cases these were due to characters in the original file names that the system doesn't allow. That should always be the first thing checked if problems occur.

**End of Year Standings**

The winning images (1st, 2nd and 3rd places) from the three competitions will be sent to a judge outside of New England who will pick the Pictorial Class A, Pictorial Class B, Nature Class A, and Nature Class B photographs of the year. Winners need not re-submit images as the competition chairmen have the images and will arrange the judging. The results will be announced at the awards ceremony on Sunday morning at the annual NECCC Conference in Amherst. The club awards will also be presented at the same time. We hope to see all of you there.

Congratulations to all the winners.

**Next Competition Season (2013-2014)**

Thanks are extended to all those entrants, judges, clubs, etc that made this competition season a success. The success of the competitions is not possible without all of you. Clubs have already volunteered to host the next season's competition. The following clubs will host the 2013-2014 electronic interclub competition:

Fall - November 2013    Camera Club of Central New England  
Winter - February 2014    Eastern Maine Camera Club  
Spring - April 2014    Boston West Photographic Society

Once the three host clubs have firmed up the exact dates for the competitions next season, we will forward that information to you so that you can begin planning your schedules to recruit images for entry.

We expect few if any changes in the rules for next year. We will continue to use the web-based image upload system.
